this book offers an original critical evaluation of how freelance careers can be established and sustained in the increasingly uncertain global creative economy developing from the author s theoretical and empirical research at the nexus of precarious work and entrepreneurial learning it provides an in depth understanding of why and how creatives can learn to become entrepreneurial and how this relates to creative entrepreneurship this book traces how arts work became creative labour and explores the contemporary organisation of artistic and

creative practices to understand practical alternatives to the individualised careers we currently feel responsible for maintaining inspired particularly by the work of raymond williams creative work is reconceptualised as practice based collaborative learning encounters through which we might put shared feelings of precarity to work towards the production and practice of alternative possibilities accessible and concise breaking down complex concepts through practical examples and linking the creative process to entrepreneurial learning this book will be of interest to students educators and researchers studying and working in the creative economy

the sit ins of the american civil rights movement were extraordinary acts of dissent in an age marked by protest by sitting in at whites only lunch counters libraries beaches swimming pools skating rinks and churches young african americans and their allies put their lives on the line fully aware that their actions would almost inevitably incite hateful violent responses from entrenched and increasingly desperate white segregationists and yet they did so in great numbers most estimates suggest that in 1960 alone more than seventy thousand young people participated in sit ins across the american south and more than three thousand were arrested the simplicity and purity of the act of sitting in coupled with the dignity and grace exhibited by participants lent to the sit in movement s sanctity and peaceful power in like wildfire editors sean patrick o rourke and lesli k pace seek to clarify and analyze the power of civil rights sit ins as rhetorical acts persuasive campaigns designed to alter perceptions of apartheid social structures and to change the attitudes laws and policies that supported those structures these cohesive essays from leading scholars offer a new appraisal of the origins growth and legacy of the sit ins which has gone largely ignored in scholarly literature the authors examine different forms of sitting in and the evolution of the rhetorical dynamics of sit in protests detailing the organizational strategies they employed and connecting them to later protests by focusing on the persuasive power of demanding space the contributors articulate the ways in which the protestors battle for basic civil rights shaped social practices laws and the national dialogue o rourke and pace maintain that the legacies of the civil rights sit ins have been many complicated and at times undervalued
